

To: Board of Directors
From: Liz Jamieson, Director of Capital Projects 
Subject: ADA Door and Access Control, Project #0168 – UES and SMS
Date: July 6, 2021
Type: Action Needed

The district has a couple schools, Utsalady Elementary and Stanwood Middle School, which are in need of ADA doors and access control. There are three (3) doors at UES and two (2) doors at SMS. The work will involve adding hands-free activators, electrified door hardware, and card readers at each door. It is important to have this project completed before the start of school in September to meet accessibility requirements.

We have uncommitted funds in the non-bond and non-levy Capital Projects Fund account in the amount of approximately \$265,000 that can be used to pay for this project. The work will be contracted under a King County Directors' Association (KCDA-purchasing cooperative) bid. The estimated budget for this project is \$130,000.

Recommendation:

We recommend the **board move to approve the expenditure of Capital Project Fund resources for the ADA door and access control project at UES and SMS.**
